Subject: Kind meeting request to discuss innovative plant breeding and food security

Dear Mr. Antunes,

A high-level delegation from the seed industry (Bayer, KWS, Limagrain, Syngenta and Corteva) including the seed industry association (Euroseeds) is kindly requesting a meeting (either 10.10.22 afternoon or 11.10.22 morning) to discuss the contribution of innovative plant breeding to food security and sustainability to achieve the green deal objectives. We would be interested in hearing the Commissioners perspectives and establish a dialogue.

Thank you for your kind consideration and please let me know if you would have any questions.

Best regards,
